

**Full Line of Erythromycin Ophthalmic Ointment, USP Now Available from Fera Pharmaceuticals**

NEW YORK-February 25, 2010/BusinessWire/-Fera Pharmaceuticals is pleased to announce it is currently shipping the full line of Erythromycin Ophthalmic Ointment.

The Erythromycin Ophthalmic Ointment product line is comprised of:

- 1 gram x 50 Unit Dose Tubes
- 3.5 gram x 24 Hospital Pak
- 3.5 gram Single Tube

The Hospital Pak is a unique packaging configuration provided only from Fera Pharmaceuticals.

In January, Fera made available the 1 gram size of Erythromycin, helping to alleviate the serious drug shortage that hospitals were experiencing.

**About Fera Pharmaceuticals, LLC**

Fera Pharmaceuticals is a privately held company. The company goal is to realize opportunities via acquisitions, in-licensing, developing and marketing abbreviated new drug applications (ANDAs), new drug applications (NDAs) and 505(b)(2) NDA products. Areas of interest include products that could benefit from lifecycle management with a special focus on niche markets. For more information visit [www.ferapharma.com](http://www.ferapharma.com).
