

Fera Pharmaceuticals, LLC  
134 Birch Hill Road  
Locust Valley, New York 11560

---

Dear Healthcare Professional,

## **We are happy to announce that Fera Pharmaceuticals is launching Phospholine Iodide® June 1<sup>st</sup>!**

As you may know, product supply has been inconsistent in the past. However, Fera and its suppliers are wholly committed to ensuring Phospholine Iodide availability.

As part of this effort, we have entered into a distribution agreement with AllianceRx Walgreens Prime Specialty Pharmacy to streamline patient access to Phospholine Iodide.

### Working with AllianceRx Walgreens Prime Specialty Pharmacy

- AllianceRx Walgreens Prime Specialty Pharmacy will fulfill your prescription and deliver the reconstituted ophthalmic solution directly to your patient
- Simply complete the referral form found at <https://www.alliancerxwp.com/business/providers/referral-forms> and then send your prescription via fax to 877-231-8302
- To speed up the process, you can choose to send the prescription electronically to AllianceRx (Specialty) Walgreens Prime – PENNSYLVANIA 3974157
- If you have any questions regarding this process and would like to speak with the pharmacy directly, you can call 888-347-3416

It has become clear that establishing a stable supply of Phospholine Iodide will result in the drug's wholesale acquisition cost (WAC) to increase significantly. The new WAC should not affect patients with commercial insurance as we are providing co-pay assistance where they would pay no more than \$100/month.

Product details are provided below:

PRODUCT AT-A-GLANCE	
Product:	Phospholine Iodide®
Description:	0.125% echothiophate iodide for ophthalmic solution
NDC #:	48102-053-05
Type:	Rx
Size:	5 mL
Unit of Sale:	Kit containing product, diluent and dropper

To ensure a smooth transition from your patient's current pharmacy to AllianceRx Walgreens Prime Specialty Pharmacy, a representative from Fera will contact you in the coming weeks.

If you have any immediate questions or require additional information, please contact us directly at 516-277-1449 or email [contact@ferapharma.com](mailto:contact@ferapharma.com). You can also check our website for updates and information at <https://www.ferapharma.com>.

Respectfully,

Michelle Kim, Pharm D.  
Senior Director, Regulatory Affairs and Quality
