

**How to Use PHOSPHOLINE IODIDE®**  
**(echothiophate iodide for ophthalmic solution) for topical ophthalmic use**

1. Wash your hands thoroughly.
2. Pull the small white cap to remove it from the dropper. **Do not** throw the white cap away.
3. **Do not** let the Phospholine Iodide dropper touch your eyelids or any other surfaces.
4. Tilt your head back. Pull down your lower eyelid with a clean finger to form a pocket and look up. Place one drop into the pocket by gently squeezing the dropper (Figure A).
5. Close your eye and lightly press the inside corner of the eye with your index finger for 1 to 2 minutes (Figure B).

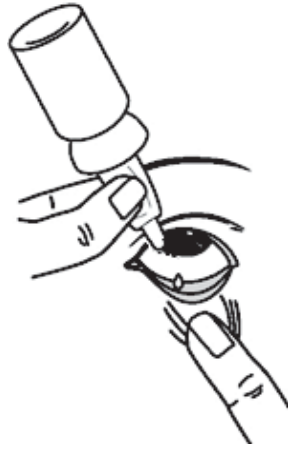

Figure A.

Figure B.

6. If you have been instructed by your health care provider to use drops in both eyes, repeat Steps 4 and 5 in second eye.
7. Replace the small white cap on the dropper immediately after use.
8. Excess solution around the eye should be removed with tissue and wash hands after each use.
9. **Store upright** at room temperature between 68°F to 77°F (20°C to 25°C). Do not refrigerate after opening. Discard any unused solution after 4 weeks.
10. Keep Phospholine Iodide and all medicines out of the reach of children.

**Important Information:**

- Phospholine Iodide is for use in the eye.
- Use Phospholine Iodide exactly as your healthcare provider tells you to use it.
- Wash your hands before and after each use. **Do not** let the Phospholine Iodide dropper touch your eyelids or any other surfaces.
- Call your doctor right away if you experience change in eyesight, severe eye irritation, abnormal heartbeat, profuse sweating, increased saliva, diarrhea, loss of bladder control, muscle weakness, or shortness of breath.

Patients and Healthcare providers are encouraged to report adverse events using Phospholine Iodide to FERA at 1-414-434-6604.

Adverse events or quality problems experienced with the use of this product may also be reported to the FDA's MedWatch Adverse Event Reporting Program. Visit [www.fda.gov/medwatch](http://www.fda.gov/medwatch), or call 1-800-FDA-1088.

If you have any questions for a pharmacist, please contact Walgreens Specialty Pharmacy at 1-888-347-3416.
